

MONDAY

YOGA [K-2] [\$140]

Yoga gives kids an opportunity to engage their bodies, minds and senses in a non-competitive environment. This class will incorporate music, storytelling and cooperative games while developing strong, flexible, healthy bodies through playful yoga poses, breathing exercises and relaxation techniques. Jennifer has been teaching yoga to children for the past 10 years and is the former owner of Little Buddha Family Yoga Center.

Taught by Jennifer Hill

YOUNG REMBRANDTS' STEP BY STEP [1-5] [\$150]

Young Rembrandts' step-by-step drawing method works hand-in-hand with our original curriculum developed by a team of artists and educators. Young Rembrandts' teaches children to break down complex objects into basic foundational shapes. As they learn how to deconstruct and reconstruct images, the experience, repetition and variety of engaging and relevant subject matter brings them to increased levels of mastery in drawing – and life.

TUESDAY

COOK IT UP KIDS! [K-5] [\$180]

This program maximizes the potential of each child who attends by nurturing his/her innate desire to be independent as well as cultivating culinary curiosity. Cooking is also an essential life skill, which will be taught through encouragement and mutual respect. Experienced instructors (including a NYS certified teacher) will guide the children in making wholesome recipes that they will be encouraged to replicate at home. Making small meals with little to no adult assistance builds children's self-esteem and supports their creativity. Further, exposure to a variety of healthy options motivates kids to try new foods.

DINOSAURS ROCK® Fossil & Mineral Adventure [K-5] [\$150]

Take home a great collection of genuine fossils & minerals with fun & fascinating hands-on activities! We Bring The Museum To You! With this hands-on exploration of the prehistoric world. "See & Touch" life-size and 5-500 million year old genuine specimens. Topics covered include Fascinating Fossils, the Miracle of Minerals, Paleontologist For A Day, the Ice Age, Prehistoric Sharks and more. Projects with REAL FOSSILS & MINERALS may include: Fossil Excavation, Crystal Geode Opening, Dinosaur Model-Building, Gemstone Panning, Shark Tooth Necklaces, Trilobite Excavation, Mammoth Bone Dig, Amber Discovery & more.

HOBBY QUEST'S AVIATION [3-5] [\$140]

In this exciting program you'll learn to build your own aircrafts and delight as they soar overhead. You'll have the perfect experience for your out of school hours! Our aviators build high-flying balsa wood motorized airplanes that can climb to altitudes as far up as four stories. Just make sure to watch out for birds! Sleek, fast, and efficient, these crafts shoot toward the sun in rocket-like ascent. Next you'll discover our Long Distance Fliers that are made for wind endurance, traveling lengths as great as a football field and maintaining flight durations of up to three minutes. You can't miss out on that incredible fun!

Of course no learning adventure would be complete without learning a few new tricks – and that's just what our Stunt Machines are made for. Whether handling sharp maneuvers or sweeping through loops and curves, these models are sure to amaze. Each model is build from scratch and is yours to keep at the end!

HOBBY QUEST'S MAGIC [K-2] [\$140]

Join us in this fantastical, fun-filled adventure where you'll become a fully practicing magician and learn to perform both stunning stage feats and dazzling close-up innovations! In this program you'll discover the magic secrets tightly guarded for centuries, passed down only from magician to magician. From changing objects to mystic mind bogglers, we have several tricks to hide up both your sleeves. We'll learn to perform famous wonders such as making objects disappear from thin air, and then re-materialize again as if nothing had happened. And as if that wasn't enough, we'll show you how to astound with a mastery of mind-reading tricks. By the end of this camp you'll appear to pick answers right out of your audience's brains! Each trick is specially tailored to suit a young magician's unique talents; because we know your amazing abilities are as vast as your imagination. All the tricks you've learned are yours to keep at the end of the class!

TEE IT UP WITH TGA GOLF! [K-5] [\$150]

TGA Premier Junior Golf brings the golf course to your school! Our national, award winning, 5 level program is specially designed for children and builds upon the educational concepts they are learning in the class room including math and science. Fun comes first in every TGA class, but our curriculum also focuses on improving motor skills and physical fitness as well as instilling self-confidence and life values through professional golf instruction. Students learn the fundamentals, etiquette and rules of the game in the comfortable environment of your school campus with a low 8:1 student to professional instructor ratio. Best of all, we provide all the equipment and training materials so children of all skill levels have the chance to come out and tee it up with TGA!

WEDNESDAY AM

CHESS CLUB [K-5] [\$140]

Join the KES chess team! Chess opens a child's eyes to his/her intellectual power. Young players learn to plan logically, anticipate consequences, calculate advantages, and persist in finding the right move-problem solving skills that apply to every academic subject. The class is open to all levels from absolute beginners to tournament players. Children will receive instruction on tactics and strategy. They will play supervised games and practice the art of checkmate on diagrams tailored to their level. Students are encouraged to but need not participate in weekend class tournaments. The class will be taught by Damian Donovan who brings 15 years on chess teaching experience to the KES program. Mr. Donovan has coached teams to many local and state championships and in 2009 is teams ranked among the top 5 in the nation.

Taught by Damian Donovan

WEDNESDAY

FRENCH LEVEL 2 [3-5] [\$140]

The group will be working on constructing more complex and complete sentences dealing mainly with food and the table, the body, farm animals, numbers, the family unit. The children will practice pronouncing, writing, reading, singing, coloring and conversing.

Taught by Jacqueline Zerrate

HANDS ON SCIENCE [K-3] [\$140]

This memorable class can spark a lifetime of interest in science. Explore the human body, learn about magnets, weather, sound, animals, bugs, chemistry and earth science. Touch lightning, make magnets, see bubbling dry ice, explode a volcano, make crazy chemical reactions and much more. Most classes have something for you to take home such as 2 million year old shark teeth, silly putty and solar beads. Science was never this fun.

Taught by Hands on Science Enrichment LLC

JEWELRY [3-5] [\$150]

Forget buying jewelry at a store! In this class we will learn beading, wire art, sculpey bead making and more to create beautiful jewelry for yourself or for your friends. Earrings, bracelets, necklaces, hair clips - if you can buy it, you can make it!

Taught by the Katonah Art Center

TGA TENNIS [K-5] [\$150]

Come serve it up with TGA Premier Youth Tennis at your school! TGA has partnered with the United States Tennis Association to create a fun and innovative tennis program for your child that takes place after school on campus. TGA's 5 level elementary school curriculum includes games, drills and physical fitness activities that improve motor skills, agility and hand-eye coordination. Every TGA class focuses on academic concepts developed by educational experts, the rules and etiquette of tennis and skill development. TGA brings all of the equipment, training materials and an 8:1 student to instructor ratio to allow for plenty of individual attention. Our goal is to not only develop our student's tennis skills, but to give children the building blocks for future achievement on the tennis court and in life.

YOGA [3-5] [\$140]

Yoga gives kids an opportunity to engage their bodies, minds and senses in a non-competitive environment. This class will incorporate music, storytelling and cooperative games while developing strong, flexible, healthy bodies through playful yoga poses, breathing exercises and relaxation techniques. Jennifer has been teaching yoga to children for the past 10 years and is the former owner of Little Buddha Family Yoga Center.

Taught by Jennifer Hill

THURSDAY

ACTING WORKSHOP [2-5] [\$140]

You don't have to want to be an actor to reap the benefits of this workshop! Through a fun series of theater games and improvisations, children will develop confidence, spontaneity, self-expression and imagination while collaborating with others in a supportive group environment.

Taught by Pamela Stewart

SCRAPBOOKING [1-3] [\$150]

Bring your photos and mementos including brochures, tickets or maps from your vacations, and create a memory book to cherish! You will learn how to make "theme" pages, crop photos and incorporate stamping into your scrapbook. Easy and fun!

Taught by the Katonah Art Center

KEMPO KARATE [K-5] [\$140]

Kempo Karate is a great activity for foundation age students. Our classes emphasize fine motor skills, balance, strength, conditioning and mastery of oneself. The exercises and activities performed during class keep the kids enthusiastic while improving their karate skills. At Kempo Academy, one great theme that the kids will begin to understand during their progress is that the ideal way to achieve a goal is to put forth their best effort. Participants will have no physical contact during the session. Students should wear comfortable clothes and sneakers. All new students will receive a white Karate belt at start of program. Throughout the course of the program, all eligible students will be invited to earn their next colored belt at a belt rank testing ceremony, hosted by Kempo Academy of Martial Arts.

BEGINNERS SPANISH [3-5] [\$140]

Beginners Spanish consists of greetings, using verbs like eat, sleep, like, want, etc. By means of writing, reading, drawing, coloring, and singing, the children will learn simple sentences dealing with fruits, numbers (one to ten), names of colors, certain foods, parts of the body, mainly the head), and some animals.

Taught by Jacqueline Zerrate

FRIDAY

WE DO ROBOTICS [3-5] [\$140]

Does your child love to build and create? Does your child love Lego? If so, then WeDo Robotics is the perfect class for your child. This program serves as an introduction to robotics. Students will build a different robot each week using specialized Lego bricks. On computers, students will use simple drag-and-drop software to bring their robots to life with movement and sound. Examples of projects include: airplane, automated spinning top, moving soccer goalie, etc. This program enables students to learn, construct and then bring their models to life using a simple, drag and drop software on computers.

Taught by BRICKS & MOTORS

HOBBY QUEST'S DESIGNS AND TRENDS [3-5] [\$140]

Designing one-of-a-kind outfits will seem easy after taking this hands-on fashion design class! We'll teach you the ins and outs of fashion design from top to bottom, head to toe - the possibilities are endless as we show you how to tap your creative genius. You'll create wearable pieces such as shirts, skirts, shorts or dresses to show off for to your friends! And because no look is complete without a bit of flair, we'll make some fun accessories such as belts, scarves and hair pieces. Our Fashion Instructors guide you through every step of the process, from construction to final fitting. And since every young designer deserves their day on the runway, we'll celebrate the end of the season with a fashion show for friends and family!
