

MONDAY

MASK MAKING [1-2] [\$150]

In this class, students will learn about different types of masks from around the world while working on imaginative and artistic projects. Various kinds of mask-making techniques such as paper-mache and clay will be used to create one of a kind masks.

Taught by KAC

YOGA [K-2] [\$140]

Yoga gives kids an opportunity to engage their bodies, minds and senses in a non-competitive environment. This class will incorporate music, storytelling and cooperative games while developing strong, flexible, healthy bodies through playful yoga poses, breathing exercises and relaxation techniques. Jennifer has been teaching yoga to children for the past 10 years and is the former owner of Little Buddha Family Yoga Center.

Taught by Jennifer Hill

YOUNG REMBRANDTS' STEP BY STEP [1-5] [\$150]

Young Rembrandts' step-by-step drawing method works hand-in-hand with our original curriculum developed by a team of artists and educators. Young Rembrandts' teaches children to break down complex objects into basic foundational shapes. As they learn how to deconstruct and reconstruct images, the experience, repetition and variety of engaging and relevant subject matter brings them to increased levels of mastery in drawing – and life.

TUESDAY AM

FRENCH LEVEL 1 [3-5] [\$140]

Consists of greetings, using verbs such as: to eat, to sleep, to like, to want, etc. By means of writing, reading, drawing, coloring, singing and interplay, the subject will primarily deal with fruits, numbers (one to ten), foods, names of colors, parts of the body (mainly the head), and some animal names. The children will be immersed in the feeling and sounds of the language and will learn complete basic sentences and their correct pronunciation.

Taught by Jacqueline Zerrate

TUESDAY

COOK IT UP KIDS! [K-5] [\$180]

This program maximizes the potential of each child who attends by nurturing his/her innate desire to be independent as well as cultivating culinary curiosity. Cooking is also an essential life skill, which will be taught through encouragement and mutual respect. Experienced instructors (including a NYS certified teacher) will guide the children in making wholesome recipes that they will be encouraged to replicate at home. Making small meals with little to no adult assistance builds children's self-esteem and supports their creativity. Further, exposure to a variety of healthy options motivates kids to try new foods.

DINOSAURS ROCK® Fossil & Mineral Adventure [K-5] [\$150]

Take home a great collection of genuine fossils & minerals with fun & fascinating hands-on activities! We Bring The Museum To You! With this hands-on exploration of the prehistoric world. "See & Touch" life-size and 5-500 million year old genuine specimens. Topics covered include Fascinating Fossils, the Miracle of Minerals, Paleontologist For A Day, the Ice Age, Prehistoric Sharks and more. Projects with REAL FOSSILS & MINERALS may include: Fossil Excavation, Crystal Geode Opening, Dinosaur Model-Building, Gemstone Panning, Shark Tooth Necklaces, Trilobite Excavation, Mammoth Bone Dig, Amber Discovery & more.

HOBBY QUEST'S AIRPLANE PILOTS [3-5] [\$140]

Who would think learning important STEM concepts could be fun? The physics of flying is made simple and enjoyable with Hobby Quest's Airplanes - Pilots. You'll learn the science of how to build and actually fly our all- new, high-soaring models. How far will yours go? How high will it climb? Why does it fly? This fall will be packed with tons of building and flying fun- and you'll learn a great deal too! Have a seat and prepare for takeoff by making Airplane – Pilots your next science adventure!

It's Physics! Build it! Fly it! Keep it!

HOBBY QUEST'S MAGIC GENIES [K-2] [\$140]

Calling all Magic Genies! This is your chance to learn the secrets of the mystical illusions of great magicians! This winter we have all new tricks to amaze your audiences. Learn how a magician predicts which of 5 coins will always land heads up, or make a bouquet of flowers suddenly change color. Astound your friends and family by making a cup move through a table, using nothing but a newspaper! Thrill them even more, when you learn a famous street magic trick that will baffle everyone. You'll even get to share your new skills with friends and family in a real magic show at your school!

It's Magical! Learn it! Perform it! Keep it!

TEE IT UP WITH TGA GOLF! [K-5] [\$160]

TGA Premier Junior Golf brings the golf course to your school! Our national, award winning, 5 level program is specially designed for children and builds upon the educational concepts they are learning in the class room including math and science. Fun comes first in every TGA class, but our curriculum also focuses on improving motor skills and physical fitness as well as instilling self-confidence and life values through professional golf instruction. Students learn the fundamentals, etiquette and rules of the game in the comfortable environment of your school campus with a low 8:1 student to professional instructor ratio. Best of all, we provide all the equipment and training materials so children of all skill levels have the chance to come out and tee it up with TGA!

WEDNESDAY AM

CHESS CLUB [K-5] [\$140]

Join the KES chess team! Chess opens a child's eyes to his/her intellectual power. Young players learn to plan logically, anticipate consequences, calculate advantages, and persist in finding the right move-problem solving skills that apply to every academic subject. The class is open to all levels from absolute beginners to tournament players. Children will receive instruction on tactics and strategy. They will play supervised games and practice the art of checkmate on diagrams tailored to their level. Students are encouraged to but need not participate in weekend class tournaments. The class will be taught by Damian Donovan who brings 15 years on chess teaching experience to the KES program. Mr. Donovan has coached teams to many local and state championships and in 2009 is teams ranked among the top 5 in the nation.

Taught by Damian Donovan

SPANISH LEVEL 1 [3-5] [\$140]

Consists of greetings, using verbs such as: to eat, to sleep, to like, to want, etc. By means of writing, reading, drawing, coloring, singing and interplay, the subject will primarily deal with fruits, numbers (one to ten), foods, names of colors, parts of the body (mainly the head), and some animal names. The children will be immersed in the feeling and sounds of the language and will learn complete basic sentences and their correct pronunciation.

Taught by Jacqueline Zerrate

WEDNESDAY

HANDS ON SCIENCE [K-3] [\$140]

This memorable class can spark a lifetime of interest in science. Explore the human body, learn about magnets, weather, sound, animals, bugs, chemistry and earth science. Touch lightning, make magnets, see bubbling dry ice, explode a volcano, make crazy chemical reactions and much more. Most classes have something for you to take home such as 2 million year old shark teeth, silly putty and solar beads. Science was never this fun.

Taught by Hands on Science Enrichment LLC

SCRAPBOOKING [3-5] [\$150]

Bring your photos and mementos including brochures, tickets or maps from your vacations, and create a memory book to cherish! You will learn how to make “theme” pages, crop photos and incorporate stamping into your scrapbook. Easy and fun!

Taught by KAC

SPANISH LEVEL 2 [3-5] [\$140]

The group will be working on constructing more complex and complete sentences dealing mainly with food and the table, the body, farm animals, numbers, the family unit. The children will practice pronouncing, writing, reading, singing, coloring and conversing.

Taught by Jacqueline Zerrate

TGA TENNIS [K-5] [\$160]

Come serve it up with TGA Premier Youth Tennis at your school! TGA has partnered with the United States Tennis Association to create a fun and innovative tennis program for your child that takes place after school on campus. TGA's 5 level elementary school curriculum includes games, drills and physical fitness activities that improve motor skills, agility and hand-eye coordination. Every TGA class focuses on academic concepts developed by educational experts, the rules and etiquette of tennis and skill development. TGA brings all of the equipment, training materials and an 8:1 student to instructor ratio to allow for plenty of individual attention. Our goal is to not only develop our student's tennis skills, but to give children the building blocks for future achievement on the tennis court and in life.

YOGA [3-5] [\$140]

Yoga gives kids an opportunity to engage their bodies, minds and senses in a non-competitive environment. This class will incorporate music, storytelling and cooperative games while developing strong, flexible, healthy bodies through playful yoga poses, breathing exercises and relaxation techniques. Jennifer has been teaching yoga to children for the past 10 years and is the former owner of Little Buddha Family Yoga Center.

Taught by Jennifer Hill

THURSDAY

ACTING WORKSHOP [2-5] [\$140]

You don't have to want to be an actor to reap the benefits of this workshop! Through a fun series of theater games and improvisations, children will develop confidence, spontaneity, self-expression and imagination while collaborating with others in a supportive group environment.

Taught by Pamela Stewart

KEMPO KARATE [K-5] [\$150]

Kempo Karate is a great activity for foundation age students. Our classes emphasize fine motor skills, balance, strength, conditioning and mastery of oneself. The exercises and activities performed during class keep the kids enthusiastic while improving their karate skills. At Kempo Academy, one great theme that the kids will begin to understand during their progress is that the ideal way to achieve a goal is to put forth their best effort. Participants will have no physical contact during the session. Students should wear comfortable clothes and sneakers. All new students will receive a white Karate belt at start of program. Throughout the course of the program, all eligible students will be invited to earn their next colored belt at a belt rank testing ceremony, hosted by Kempo Academy of Martial Arts.

SEW HAPPY SEWING EMOJI PROJECT

[1-5] [\$150]

Join Sew Happy and learn the life skill of sewing while working on cool Emoji themed projects. This club starts by teaching the basic techniques of sewing (like threading a needle and tying a knot) and progresses from there. We believe at Sew Happy that kids benefit from sewing in many ways. Not only is it great for hand/eye coordination, fine motor skills, focus and concentration, it also gives kids a lifetime vehicle for personal and creative expression! All Sew Happy projects are designed in-house, made in the USA and use felt made from recycled water bottles.

FRIDAY

WE DO ROBOTICS [3-5] [\$140]

Does your child love to build and create? Does your child love Lego? If so, then WeDo Robotics is the perfect class for your child. This program serves as an introduction to robotics. Students will build a different robot each week using specialized Lego bricks. On computers, students will use simple drag-and-drop software to bring their robots to life with movement and sound. Examples of projects include: airplane, automated spinning top, moving soccer goalie, etc. This program enables students to learn, construct and then bring their models to life using a simple, drag and drop software on computers.

Taught by BRICKS & MOTORS

HOBBY QUEST'S FASHIONABLE DREAMS

[3-5] [\$140]

Nothing says "Back to School" like new clothes, and what could be more fun than making them yourself! This fall we'll be tapping into our inner fashionista and designing one-of-a-kind wearable garments of your very own! Creating chic designs has never been more fun. We'll teach you all you need to know about garment design and creation, from choosing a design and sketching, to final fitting! Suitable for beginner to advanced sewers, this semester we will create a full outfit including a colorful cotton top, trendy denim skirt, and even accessories! To top it off, you'll strut your stuff and proudly display your new, unique designs in a fashion show for friends and family! All designs are yours to keep at the end of class!
